

# **TITAN**

## ***Duplicator Blankets***

### **TITAN Duplicator & Small Format Presses**

Designed for the price sensitive duplicator and small format press market, the TITAN duplicator blankets offer excellent performance and print quality at competitive prices.

Its compressible construction and surface characteristic, satisfies all production requirements on coated and uncoated paper stocks.

Available in most popular cut and punched sizes, meeting all press manufacturer specifications.

### **Product Characteristics**

- Image-visible blue surface
- Superior smash and paper marking resistance
- Minimal plate image wear
- Nominal gauge loss reduces sinking and minimizes retightening
- Micro-polished surface provides excellent paper release and maximum ink transfer
- Fast wash up and high solvent resistance

### **Technical Specifications**

- Surface: micro polished rubber-polymer
- Compressible layers: 3 ply & 4 ply microcellular construction
- Maximum gauge loss: .001" / 0.02 mm
- Stretch-Elongation: .8% @ 55 ppi
- Shore hardness: 77 - shore A
- Compressibility: 140 psi @ .152 squeeze
- Approximate master roll length: 90 feet / 30 meters

### **Standard roll widths**

680 mm / 780 mm / 870 mm / 930 mm / 1060 mm / 1150 mm / 1300 mm / 1430 mm
