- Internal 56k Modem
- HP Deskjet Printer
- Remote Access Software
- Microsoft® Word 2000
- 18 Months Warranty
- Lifetime Modem Support

Options:-

- HP Colour Scanner

The Inovex Standalone Ink Management System, brings a refreshingly simple yet innovative approach to Ink Management. Two unique aspects are Ink Room Management, giving the in-plant full control over day to day issues and also Design Image Scanning, allowing instant visual identification for the Design or Job shown on the screen. The software is full of exciting new features such as these and below we list a short selection of other useful functions.

However some can only be appreciated by a demonstration which we would happily arrange at your convenience.
